

MAGIC 2 Max. 80kg

The original invisible sliding doors system | 1100 mm or 1800 mm

Practical anti-jumping system

Magic2 sliding trolley includes two new turning anti-jumping activation elements. Turning anti-jumping activation elements are equipped with two safety levers, easy to rotate with no tools required. Safety levers, clearly visible, will have to be removed once anti-jumping system is activated in order to insert end caps.
